BARCELONA, March 7.—Two hundred lives were lost when a 10,000-ton Rebel Spanish cruiser, apparently the crack Balaguer, was set afire by Loyalist warships and airplanes in the greatest naval battle since the World War, it was stated here today.

Identity of the destroyed vessel remained obscure, but it was either the Balaguer or its sister ship the Canarias. Spanish government officials here expressed belief it was the former.

Some hours after the attack, government observers aboard the destroyer Libertad witnessed to Barcelona that the burning ship was still above the waves.

"We have sighted the cruiser in flames a mile and a half away," Marine Commissary Alonso radioed. "A column of smoke and steam is sailing along a mile in the air. The fire will last for several hours."

Pick Up 400 Survivors.
The British destroyer Boreas and Kimpesford picked up 400 of the estimated 800 men aboard the cruiser. Many leaped overboard when the cruiser was struck by a torpedo and aerial bombs and lost their lives.

As 15 warships blazed with their heaviest guns and squadrons of planes dropped bombs, the 10,000-ton cruiser was set afire and a yawning hole ripped in her hull by a torpedo launched from the Loyalist destroyer Lepanto.

Loyalist government reports in Barcelona said many of the crew leaped overboard and the insurgent war craft made frantic efforts as they retreated, to pick them up.

Amid the confusion of battle, loyalists captured the cruiser.

PA NEW OBSERVES

Pa New observed a cat chase a squirrel on Highland avenue yesterday. The squirrel, however, was too quick for the cat as it scampered high up a tree, and from his perch looked down at the cat, which soon went away.

Just a few more days like today and the cheer-up will be active in New Castle. Many properties about the city are already being given a renovation, and with the appearance of early spring many residents will join the campaign. Housecleaning is well under way in many homes, also.

Some signs of approaching spring: A crowd of energetic youths gathered on the Rosalia grounds enjoying baseball.

There was quite a change in the weather Saturday night. After some-what temperatures, thunderstorms and lots of rain, the temperature dropped from 61 degrees to 25 degrees by Sunday morning.

Rehabilitation Work Starts In California

(International News Service)
LOS ANGELES, March 7.—With danger of a new storm diminishing, the here and there jolts of rebuilding five flood-ravaged Southern California counties got into full swing today.

The toll of known dead was placed at 125 and 121 persons were listed as missing.
The reconstruction program was carried on by an army of 25,000 workmen.
It was expected that the property and highway loss, now placed at \$50,000,000 in Los Angeles, Orange, Riverside, San Bernardino and Ventura counties, would reach a greater figure when surveys are completed.

Disaster loans, authorized through the R. F. C. A. state grant of \$1,000,000 in gasoline tax money for repair of the ruined highway system and a contemplated additional \$2,000,000 from the legislature will pay the rebuilding bill.

About 10,000 Homeless
The Red Cross is raising \$300,000 in Southern California to aid 10,000 homeless. It stated that 5,602 dwellings had been destroyed.

Nine Judges Share Honors At Annual County Bar Banquet

Nine honorable judges—three of them now retired—based back in their chairs and relished with glee the rib-tattling court comedy which a group of local lawyers staged Saturday night as the headline entertainment act of the annual banquet celebration of the Lawrence County Bar association at the New Castle Field club.

The hilarious, laugh-loaded skit, formally titled "A Lawyer's Day in Court," came close to rocking the field club building, and approximately 115 members of the bar organization, local and visiting judges, county officials and other invited guests forgot dignity and enjoyed the fun.

Number Of Visiting Judges
The nine jurists, who enjoyed it every bit as much as the bar members did, included Lawrence county's present judges, three of the county's former judges and visiting judges from the neighboring counties of Beaver, Mercer and Butler.

In the after-the-turkey-feast show, attorneys Edwin K. Logan and Clarence A. Patterson took the roles of the county's two present judges. The entertainment depicted the day at work during motion and picture court with Attorney Roy M. Jamison the silent director of the show.

Fail To Contact Boy's Kidnapers

No New Developments In
Case Of Peter Levine,
Missing Youth

(International News Service)
NEW YORK, March 7.—G-Men, state and local police, restrained for eleven days while Peter Levine's father vainly tried to contact his son's kidnapers, were poised today to launch a widespread man-hunt for the 12-year-old boy's abductors.

Signs that the official "hands off" period was nearing an end were numerous. Two crack New York homicide detectives, New Rochelle police officials and federal agents conferred in suburban New Rochelle and the first suspect in the Levine kidnaping case was questioned.

The signal for authorities to plunge into the case appeared to have been the latest discouraging report by Murray Levine, the boy's distraught father. Levine, a New York attorney, had asked that federal agents, police and newspapermen leave him unharmed to permit his son's kidnapers the fullest opportunity to negotiate for ransom payment and return of young Peter.

Near collapse from worry, Levine said his latest efforts to contact the kidnaper or kidnapers have met with failure.

Peace Or Threat Of Major

LONDON, March 7.—Europe today was seen by British observers as entering one of the most fateful periods of the post-war era.
In London, Rome and Berlin the stage was set for a double series of negotiations between Britain and Italy and Britain and Germany, on the outcome of which may rest the answer to whether Europe faces peace or a major war in the near future.

Seek Security Pact.
A security pact among Britain, France, Italy and Germany was the shining goal sought in the long run by London. England's immediate aim is individual agreements with Rome and Berlin.

After a week receiving instructions from Prime Minister Neville Chamberlain, the Earl of Perth, ambassador to Italy, was back in Rome today ready to begin conversation with Count Galeazzo Ciano, Italian foreign minister.

Tomorrow Foreign Minister Joachim von Ribbentrop of Germany will arrive here to bid his official farewell as ambassador. He will seize the chance to talk with Chamberlain.

Crash Claims Second Victim

Mrs. Bessie M. Herrick Dies

INJURED WHEN CAR
LEAPS INTO STREAM

Friday evening's spectacular automobile crash on Croton avenue, which occurred when Elton H. McCann, of Butler avenue extension, lost control of the car he was driving, just above the North street bridge, and the vehicle left the pavement and plunged over the bank into the Neshannock Creek, brought death to Mrs. Bessie M. Herrick, aged 49, aunt of McCann.

In the Jameson Memorial hospital at 10:15 o'clock Sunday morning, McCann, it will be remembered, died enroute to the hospital.

It was stated at the hospital that pneumonia developed, adding to the injuries Mrs. Herrick had suffered, and bringing on her death. Her condition had been critical following the accident, in which she sustained a possible fracture of the skull, severe bruises of the hip and lacerations. She also suffered great pain from shock, having been thrown into the icy waters of the creek where she lay under the car until police could raise the automobile and extricate her.

Third Victim Recovering
Mrs. Laura Dixon, of 119 Dewey avenue, the third occupant of the car, was recovering nicely, it was stated, at the Jameson Memorial hospital.

PROPOSES TO CUT PROFIT IN NAVY BUILDING

(International News Service)
WASHINGTON, March 7.—House liberals and "little navy" advocates today joined in a drive to take the profits out of battleship building.

Rep. Wright Patman (D) of Texas, long a foe of dreadnaught construction, announced he would sponsor an amendment to the billion-dollar naval expansion bill limiting profits to one per cent.

Designed to force the government to place all construction in navy yards, the amendment, Patman said, would extend not only to battleships, but to all ships of war as well.

The proposal was immediately denounced by administration and navy spokesmen as a threat to the entire expansion program.

They declared it would cause "years of delay" in construction of the 46 fighting ships proposed in the measure, and "seriously cripple if not destroy" the administration's program to strengthen facilities in private yards in the interests of national defense.

WASHINGTON, March 7.—Driving for early adjournment to give business a "breathing spell", congressional leaders were agreed today that the only major legislation likely to be passed would be the tax, navy, government reorganization and general relief bills.

This being an election year members already have begun making frequent trips back home to fix political fences.

Consider Tax Bill.
While the house today resumed consideration of the tax bill the senate continued debate over the Budget bill to reorganize the executive branch of the government.

The billion dollar amendments bill will be taken up in the house late this week when the tax measure is passed. Long, hard fights over the tax and navy bills in the senate were predicted.

A spirited fight was certain for cutting the amount of the corporate undistributed profits tax. Administration forces were struggling to retain the impost even though they have to take it in modified form as carried in the house bill.

May Reduce Exemptions.

Japanese Army Takes Puchow

Signal Victory Is Scored In

CONTROL 460 MILES
OF RAILWAY NOW

(International News Service)

SHANGHAI, March 7.—Japan's army of the West scored one of its most signal victories of the Shansi Province drive when a strong detachment today moved into Puchow.

On the Yangtze river, Puchow is only 35 miles north of Tungkuang, important river and rail center, capture of which will give the Japanese their first foothold on the Yangtze railroad, the only line leading into Central China.

With the capture of Puchow, the Japanese announced that the Red Chinese army of China have been beaten back and the Nipponese now control the entire 460 miles of the Tatum railway down to that point.

In the center of the vast front, the Japanese have been continually shelling Chinese positions between Chengchow and Loyang. Eighteen Japanese airplanes also riddled Chengchow, but Chinese sources said six were forced down on the bank of the Yellow river.

Chinese bands of guerrillas continued to harry the rear of the Japanese as they pressed on towards Honan and Yenchow.

In Shanghai, General Chow Feng-chi, former head of the 20th route army, an alleged pro-Japanese, was shot dead by two men as he was leaving his house in the French concession.

He'll be flying labor's colors, as he has all his life, and backing the organization and the backers of Attorney General Charles J. McGowan, in a three-cornered fight.

At his back, when the announcement made, will be John L. Lewis, C. I. O. chief, his sponsor, promoter, and recent trainer.

Today, Kennedy was to confer with Lewis in Washington on campaign prospects. Hundreds of miles to the south, Democratic State Chairman David L. Lawrence and fellow organization leaders were said to be conferring in Florida Sunday with equal intensity to keep Matthew H. McCloskey from making good his "forever and a day" withdrawal from politics. Many observers thought they would be successful.

Secretary's Daughter To Wed

ELLWOOD CITY, March 7.—Fire which was discovered in the First Baptist church building, located at Third Street and Fountain Avenue, about 11 o'clock this morning, had gained such headway that before it was checked this afternoon, the beautiful stone church edifice had been partially gutted.

When discovered, the blaze appeared to break out over practically the entire roof at one time, possibly having been smoldering inside the building for several hours.

When Ellwood City firemen made a quick response to the alarm and started to battle the blaze, it appeared that the entire building was doomed, and several nearby structures were in danger.

The fire was raging in what is called the "old church" when first noticed. This was what the original church building and is now used as Sunday school quarters. Porters of the rear were burned off the building. Smoke was so dense when flames first attacked the stone that entrance to the building was impossible and the flames had to be fought from the outside.

BAPTIST CHURCH IN ELLWOOD CITY GUTTED BY FIRE

persons, and a magnificent pipe organ, erected about 7 years ago at a cost of approximately \$10,000.

While none of the books and possessions of the pastor, Rev. Bernice Osterhouse, were rescued from the building, little else was saved.

Loss caused by the fire cannot be estimated, but the building is estimated to be worth approximately \$75,000 and insurance that will partially cover the loss was carried.

At this hour nothing is known as to the cause of the fire. Investigation after the fire is under way and a probable cause may develop.

Some years ago, the pastor of the church resided in the parsonage, which was incorporated in the building, but of recent years those rooms have been used as class rooms for the Sunday school, the pastor residing elsewhere. The parsonage rooms escaped the worst fire damage.

Rev. Osterhouse said this afternoon that the congregation will plan for immediate rebuilding, a meeting of the church board having been called for this evening to discuss the matter.

During the past year the church interior had been entirely remodeled and improved.

The fire was the largest that has occurred in Ellwood City in many years, and a large crowd of spectators was attracted.

Fire Is Checked

Shortly before two o'clock this afternoon the fire was checked and entrance to the building was possible. It was shown that the firemen, under Fire Chief Harry E. Wolfe, had succeeded in halting the blaze before the main entrance had been reached.

At the time that the firemen were first called it appeared that the blaze could save the entire structure from ruin, but the work done by the fire fighters halted the blaze in remarkably short time and credit is given for most effective work.

TWO SMALL FIRES

Over week-end here

Firemen were called out twice over the week-end for small fires here.

Saturday evening at 10:40 they were summoned to extinguish a small fire in the auto of James Cavitt, of 421 Summer avenue, which started from a short in the wiring to the starter. Damage of around \$250.

At 9 o'clock Sunday morning they were called to the home of John E. Knox, of 437 Whipple street, when a small fire in a coal bin in the kitchen of the home. It burned away which had been used to cover the bin. There was no real damage done and no action was taken by firemen.

Both Berkeley and Van Nuys were said to be the most seriously affected communities in Los Angeles county now. A police cordon remained around them and only persons with urgent business or residents were allowed to enter.

Railroads suffered a loss of \$10,000,000. Passenger traffic to the north and east is being maintained on schedule by a coordinated system of bus and train. Train and motorcade service to cities south of Los Angeles is being kept up.

Hundreds of persons remained marooned in the mountains. Supplies were dropped from airplanes.

Beery Denies He Will Be Best Man At Garbo's Wedding

(International News Service)

NAPLES, March 7.—"A-a-a-a-a," drawled Wallace Beery today, and he refused to say more.

It was the star's way of denying that, much as he might like to, he is not going to be the best man at any wedding of Greta Garbo and Leopold Stokowski.

The actress and orchestra conductor are at nearby Ravella, but Beery said he planned to go to Rome shortly without visiting them.

At Ravella, Miss Garbo was still smiling, but was recovering from her cold.
